

Historical FX Evidence Note

Public sample - inspect the format before purchasing a data pack

REFERENCE RESULT

1 USD = 0.87489 EUR

Reference date: 2026-07-10 | Source: ECB / Frankfurter

Retrieved: 2026-07-11

CURRENCY PAIR	USD/EUR
DATE BASIS	Latest available reference business day
SOURCE URL	https://fxpeek.com/en/usd-to-eur/history/2026-07-10
CSV URL	https://fxpeek.com/api/csv?from=USD&to=EUR&days=31
INTENDED USE	Invoice check, spreadsheet backfill, or month-end report support

How to retain this evidence

1. Keep the dated FXpeek page URL beside the converted amount.
2. Store the CSV URL or exported rows with the workbook or close file.
3. Record which date basis your workflow used: invoice, payment, or month-end date.

Important boundary

Reference data only. This sample is not a bank, settlement, payment, tax-authority, accounting-authority, or trading quote. Confirm the required source and date basis for your own workflow.
